

Here is the discussion forum for this part of the course. You can post your comments and share your creations here, and of course ask questions.

Let us suggest some topics of discussion and optional projects:

SUGGESTED TOPICS

- Who has already used the attributes presented after the section "Warning about the next attributes presented", or just heard about them?

OPTIONAL PROJECTS

We propose here to add some of these new elements to the projects proposed earlier (GUI for a Web app. or a form for registering in a forum). The best way to learn how to use them is to try them in your own projects.
